N10 - Specification:

'WS...' - Wood Wall Shelf and Hanging Rail:

Dimensions: 345mm deep with 295mm high wall brackets.
1m - 1.2m - 1.5m - 1.8m or 2m - 2.5m - 3m long with a third upright.

Wood Wall Shelves: Constructed using powder coated wall plates and 50mm x 25mm box arms with 25mm diameter chrome hanging rail in captive pockets, mounted underneath 3x 70mm x 25mm Ash hardwood shelf slats.

OPTIONS:

Captive Coat Hangers: Constructed of powder coated steel wire, welded to form secure hanger for garments (must be put on the clothes rail before fixing the last bracket to the wall).

FINISH:

Colours: Available in a choice of 6 standard colours - Silver (EW002E) - Blue (RAL5002) - Yellow (RAL1018) - Red (RAL3020) - Green (RAL6009) - Black (RAL9005).

Ash hardwood slats: Sourced via FSC (Forestry Stewardship Council) approved agents who only harvest timber from responsibly managed and sustainable forests. Members of TTF (Timber Trades Federation) with systems in place to ensure only legal timber handled. Ash is cut to size, profiled with an 8-10mm round on top 2 long edges, sanded, cleaned and finished with 2 part cellulose ac lacquer with 30% sheen level.

Steel / metal legs and seat support frames: Welded in jigs for dimensional consistency, welds ground flush and all steel cleaned using a vapour immersion degreaser, then electro statically epoxy polyester powder coated to approx 60-80 microns, baked in an industrial oven and wrapped for protection during transport.

Electro Zinc Plating: If the bench seats are for use in humid / wet situations or where there is risk of exposure to chemicals like chlorine / bromine etc, please ensure you request Electro Zinc Plating (additional cost applicable), and we will apply the plating after degreasing and before the final polyester powder coated colour finish is applied, OR Stainless Steel which will have a natural unpainted finish.
